Don't Come Down

The Jesus and Mary Chain

```
Do what you want take what you need
Leave me in awe give me some speed
Don't want your soul don't want your hole
I need to look up I got to stay up
Don't come down don't you get down
Don't want your life don't be my wife
Don't make me dream I got to believe
Don't come down don't you get down
```
