

## Drop

### The Jesus and Mary Chain

The way you drop is like a stone  
Making out you're flying  
But you've just been thrown

Till kingdom comes  
And through bitten tongues  
These eyes get stung  
With every curse that's sung

These twisted times  
Can't compare to mine  
And heaven knows where loving goes

I should have guessed  
When I took that pill  
Do I love her still  
Well did Jesus kill
