

Get on Home

The Jesus and Mary Chain

I got a heart full of evil
Soul full of rock and roll
I got a heart full of evil
Soul full of rock and roll
But my heart isn't evil and my soul isn't rock and roll

I got a pistol in my pocket
It's gonna shoot it's load
I got a pistol in my pocket
It's gonna shoot it's load
You gotta help me with my pistol before my pistol explodes

You gotta get on home

I spent the night with a blow-up girl
And some LSD
I spent the night with a blow-up girl
And some LSD
Well, the girl didn't blow up but she made it on the MTV

I got a meeting with my maker
My maker says it's judgement day
I got a meeting with my maker
My maker says it's judgement day
When I meet up with my maker he's sure gonna have my stay

I gotta get on home

You gotta get on home
Get on home
Get on home
Get on home
Get on home

Get on home
Get on home
Get on home
Get on home
