

## Hole

### The Jesus and Mary Chain

This has been my prison  
Got no high got no low  
This has been religion  
Took my heart killed my soul

All I want is a dream  
Give me something to dream  
Got myself in a scene  
Don't know where I've been

All I want is a dream  
Something naked and clean  
Somebody give me a call  
I'm climbing up on the wall

And I want it all  
And I need it all  
I can't get it  
Took my heart and soul  
Give them back to me
