

In The Black

The Jesus and Mary Chain

I live my life in the black
I live my life in the black
I live it under stones
I live it under stones

I'll go but I'll come back
I am the cunt in black
I live it in my shoes
I live it in my head

And I walk and I talk
And I aim my eyes like you aim your gun
Well that's fucking fun
Well I aim my gun I got you on the run
In the black I want to go

(I give up on figuring out the rest)
