

Little Stars

The Jesus and Mary Chain

Hey
What you've been sayin'
What you've been doin'
You're so good lookin'
What you've been cookin'
Who've you been spookin'
You're too good lookin'

I'm gonna kiss your pain away
I'm gonna kiss your blues away
I'm gonna kiss your pain

I don't know why I took that dirt
and I put that dirt in my eye
I don't know why I took that nail
and I banged that nail through my hand
I don't know why I took that gun
and I shot that smile from my face
I don't know why

Hey,
Look at the stars
Shining,
Look at the city
It's shining,
Look at your eyes
Shining,
Look at your lips,
Glowing,
Look at your face,
It's glowing,
Look at the love
It's growing,
I want to love you
I want you to love me

I'm gonna love your pain away
I'm gonna love your blues away
I'm gonna fuck your pain
