

Bringing It Raw

The Jokerr

Hahaha

Yeah, J to the O and Mr. Grey

Bitch, I recommend you leave me alone, cause when I strike, it could sting for years

And bitch, I'd rather be feared than to be revered

So bow down when the king appears and keep clear

Cause heads fly when Jokerr starts to swing his sphere

I'm like Gerard Butler in a fuckin' spartan suit

And the tip of my black boots 'bout to part them glutes

Like, who you really tryna start with, dukes?

I rhyme doper than you rappin' with my butt throwin' farts through flutes

The greatest rapper ever is me

All hype from Sea World to Bisbee

And throw a stingray at you like a frisbee

I'll leave you lookin' tipsy then cock back me fist

And hit you so hard, the impact'll resonate through history

You piss me off and quickly you'll get stoned walled

I'm coming at you like the Indiana Jones ball

Kicking rhymes so heavy, I keep breakin' my own jaw

Jokerr, Mr. Grey, we told y'all

We're bringin' it raw, we're bringin' it raw

We're bringin' it raw, we're bringin' it raw

We comin' with the, ha, Jokerr smile, Jokerr, ha, Jokerr style

Never like you seen it before, we're bringin' it raw

We're bringin' it raw, we're bringin' it raw

(Don't be surprised if I crack your jaw)

We're bringin' it raw, we're bringin' it raw

We're shuttin' it down, takin' over when we comin' to town

You'll be lucky if we leave it at all

We're bringin' it raw

So damn cold, I been and unthawed

Home of the J-O and the demigod

A guillotine goon squad, spit fire, sawed off

Leave you lookin' stoned, singin' "How you get so raw?"

Pissed off pitbull in a Get too close to me and I'ma bite and kick you

It's the girlfriend hits you

I be rockin' crowds and spitting rhymes like scriptures

Sick of the same swine crossin' my last line

I'll punch you in the face just to touch you in your mind

I'm an asshole, I want the crown and the castle

So I stay in the trench, burn both ends of the candle

I got the heat in my chest like lit cigarettes

Heavy metal mouth, Rob Zombie

Spit like a right hook to your jaw

I'ma motherfuckin' chainsaw, Mr. Grey, the

We're bringin' it raw, we're bringin' it raw

We're bringin' it raw, we're bringin' it raw

We comin' with the, ha, Jokerr smile, Jokerr, ha, Jokerr style

Never like you seen it before, we're bringin' it raw

We're bringin' it raw, we're bringin' it raw

(Don't be surprised if I crack your jaw)

We're bringin' it raw, we're bringin' it raw

We're shuttin' it down, takin' over when we comin' to town

You'll be lucky if we leave it at all

We're bringin' it raw
