

## Look Away

The Jokerr

In the cream of the twilight  
Ever so delicate I held your hand  
With the black silhouettes of the old pine branches  
Dancing in the grey sky  
In the sunset scene I sang  
There's a detail that language of any kind  
At the hands of the world's best poet with the strongest imager  
y would still fail to describe

Your eyes, and that glow  
The beams of the moon on your back lit figure leave me terrifie  
d  
I'm afraid, cause I know  
If I look too long, you might take hold  
But I just can't look away

Look away  
Look away  
Look away

It seems at the place I have such confidence would bring me joy  
As my compass needle's spinning  
The leaves know escape high, know more and more every time  
You steal a glance my way

And I see your eyes and that glow  
The beams of the moon on your back lit figure leave me terrifie  
d  
I'm afraid, cause I know  
That if I look too long, I won't let go, yeah

Now I don't know what's going on  
It feels like I'm a day away from loving you forever  
Do you believe in mistakes or faith?  
Mistakes or faith? Mistake or faith?

(It feels like I'm a day away, from loving you forever)  
(It feels like I'm a day away, from loving you forever)
