Give a Little Love to Me

The Judds

You can buy a diamond ring And slip it on my hand Put me on a big ol' plane And fly me to a foreign land

Show me rows of fancy clothes Saying, Honey you can take your pick! Well, that would be mighty kind But it ain't gonna do the trick

Give a little love
A squeeze and a little kiss
Give a little hug
Mmm, I want some more of this
Take a little time
Yeah, make a little fuss
That's what a woman wants
So give a little love

Get this, you can be some big hunk Handsome, dark and tall Talk to me in foreign tongues Or with a southern drawl

Or be a man from old Siam
Wear a pointed hat
I don't care how you look
'Cause that ain't where it's at

Give a little love
A squeeze and a little kiss
Give a little hug
Mmm, I want some more of this
Take a little time
Yeah, make a little fuss
That's what a woman wants
So give a little love

Well, there are men who'll turn your head And knock you off of your feet Sweet talk and big blue eyes Make a poor heart skip a beat

Drive you wild with a smile And then they'll treat you cruel Well, I ain't gonna fall for that 'Cause Mama didn't raise no fool

Give a little love
A squeeze and a little kiss
Give a little hug
Mmm, I want some more of this
Take a little time
Yeah, make a little fuss
That's what a woman wants
So give a little love
