

Talk About Love

The Judds

[Chorus]

Love, talk about love
Why do you always
Wanna talk about love?
Love, talk about love
Why do you always
Wanna talk about it?

I say that love
Is something you feel
You know in your heart
If it's real
But you've got to analyze
Organize, synchronize, formalize
And compromise

[Repeat Chorus]

I say love
It's like when you sing
You move to the music
When the words don't mean a thing
But, know you've got to clarify
Define it and refine it
Align and realign it

[Repeat Chorus]

You don't have to understand
Every little thing between
A woman and a man
True love
Comes from deep inside
Try to use your logic
And you'll only lose your mind

[Repeat Chorus]
