- I fight to make you stronger, to make you love your life. I fight to show you purpose, to keep you satisfied. I fight to make you happy. I war to win your heart.
- I'd fight forever for you. I ache when we're apart.
- I'm fighting for us. My heart is a soldier.
  I'm killing myself. My heart is a soldier marching to die.
- I fight to stay together, to bring us eye to eye.
- I fight to speak your language, to keep you by my side.
- I fight to make it easy. I push to give you time.
- I fight our losing battle. I bleed to stay alive.
- I'm fighting for us. My heart is a soldier.
- I'm killing myself. My heart is a soldier marching to die.
- Am I twisting everything?
- It's hard to tell when all I see is temporarily between the way it should and shouldn't be.
- I'm fighting for us. My heart is a soldier.
- I'm killing myself. My heart is a soldier marching to die.
- My heart's a soldier. My heart's a soldier.
- I fall like a fighter when you give me a shot. I'll live like a lover when you're all that I've got.
- I'm fighting for us. My heart is a soldier.
- I'm killing myself. My heart is a soldier marching to die.
