

Kentucky Wildcat

The Kentucky Headhunters

She could be on the cover of a magazine
But she'd rather be out running into wars with me
She can track a deer she can drive a dump truck
She'll turn around a day when I spend too much
She can she can she can give me love
Well she's my Kentucky wildcat
She's a girl on the cover in every scene in the book of every boy's dreams
Well she's my Kentucky wildcat
Damn she's a little wild but brother I love her like that
She can dress up and go to a high class bar
But she'd rather be out fishing in her overalls
She can plane a car she can fill a coffee cup
When I cut a shine she can shut me up
She can she can she can give me love
Well she's my Kentucky wildcat
She's a girl on the cover in every scene in the book of every boy's dreams
Yeah she's my Kentucky wildcat
Yeah she's a little wild but brother I love her like that
Yeeoow
Yeah she's my Kentucky wildcat
She's a girl on the cover in every scene in the book of every boy's dreams
Yeah she's my Kentucky wildcat
Yeah she's a little wild but brother I love her like that
Yeah she's a little wild but brother I love her like that
