

## Mr. Know-It-All

### The Kentucky Headhunters

If you've got questions that need answers  
Well, go to him  
If you've got problems that need solvin'  
Well, go to him  
If you got troubles you can't handle  
If your mountain's too tall,  
He'll be there to catch you  
And right when you fall  
There ain't nothin' too big or too small  
For Mr. Know-It-All

I know somebody  
Takes me as I am  
I know somebody  
Always understands

He knows everything that I've been through (Oh, yes, he do)  
And, what he does for me, he'll do for you (He'll do for you)

If you've got questions that need answers  
Well, go to him  
If you've got problems that need solvin'  
Well, go to him

If you got troubles you can't handle  
If your mountain's too tall,  
He'll be there to catch you  
And right when you fall  
There ain't nothin' too big or too small  
For Mr. Know-It-All

He will never leave you  
He's with you day and night  
And in your darkest hour  
He'll be your guiding light

If you got troubles you can't handle  
If your mountain's too tall,  
He'll be there to catch you  
And right when you fall  
There ain't nothin' too big or too small  
For Mr. Know-It-All
