

See Rock City

The Kentucky Headhunters

Ruby is my lover
She's my undercover
The queen of my Saturday nights
We take in a movie
And then we get groovy
And bump it up under the lights
And when I take her home
She a' won't let me go
Man, I ought to marry that girl
She's a one in a million
She ain't never been past the county line
But tonight, I'm gonna' show her the world

Well, I'm gonna' take a' Ruby to see Rock City
She's my chatta-noo-girl - my choo-choo pretty
We'll be a honky-tonk couple in a lover's leap
When I take Ruby to see Rock City

Well, she don't know it
And don't y'all tell her
I want it to be a surprise
I rented us a car
With built-in bar
The driver says she'll do 95

Well, I just know it
Her mind's gonna' blow it
When I say, "marry me"
Well, I'm a nationwide man
But I wonder if they have coconuts
Down in old Tennessee

Well, I'm gonna' take a' Ruby to see Rock City
She's my chatta-noo-girl - my choo-choo pretty
We'll be a honky-tonk couple in a lover's leap
When I take Ruby to see Rock City
