

Whirling Eye

The Kills

Hollywood. 2AM.
questioning everything
neon red, white and blue
catching up with you
got a dream?
doesn't mean
you know what to do

You watch me like a hawk
Do you need what I got?
You find yourself alone inside
a mirror and a kiss
what you want is hard to find
but hard to miss

Get the vision, get the vision,
get the vision, come on
Get the vision, get the vision,
get the vision, come on

76-high noon
revving up your lead balloon
cruising on Ventura fumes
When you need more than a smile
traffic's rough oh SOS
in your orbit of desire

Get the vision, get the vision,
get the vision, come on
Get the vision, get the vision,
get the vision, come on

Whirling, whirling, whirling, whirling
eyeeye yeyeyeyeyeye eye
Whirling, whirling, whirling, whirling
eyeeye yeyeyeyeyeye eye

Get the vision, get the vision,
get the vision, come on
Get the vision, get the vision,
get the vision, come on
