

Dorie

The Kingston Trio

Dorie, Dorie, Dorie by the firelight,
Come and dance with me.
Blazing in the night, the fire grows.

Come and shout and sing,
Make the mountains ring while our hearts beat high.
Come and sing and shout.
Laugh and turn about while the flames reach the sky.

Burn me with desire.
Set my heart a-fire.
Throw your cares away.
When the dance is through,
I'll be holding you 'til the break of day.

Dorie, Dorie, Dorie. By the firelight, come and dance with me.
Blazing in the night, the fire grows.
By the firelight, find romance with me.
You are mine tonight, the fire grows, grows, grows, grows, grows,
s, hey!
