

## Hobo's Lullaby

The Kingston Trio

Go to sleep, you weary hobo  
Watch the towns go drifting by  
Can't you hear the rails a singin'?  
That's the hobo's lullaby

Don't you worry 'bout tomorrow  
Let tomorrows come and go  
Tonight you've got a nice, warm boxcar  
Free from all the wind and snow

Go to sleep, you weary hobo  
Watch the towns go drifting by  
Can't you hear the rails a singin'?  
That's the hobo's lullaby

I know the police cause you trouble  
They cause trouble everywhere  
But when you die and go to heaven  
There'll be no policemen there

Go to sleep, you weary hobo  
Watch the towns go drifting by  
Can't you hear the rails a singin'?  
That's the hobo's lullaby

Can't you hear the rails a singin', ohh  
That's the hobo's lullaby
