## **Lost and Found**

Waiting for the hurricane To hit New York City Somebody said it's hit the bay This is the nitty gritty

And all the bag ladies Better put their acts together We're near the eye of the storm This is really heavy weather

We were lost and found, in the nick of time While the ship was going down We were lost and found, just in time With the hurricane crossing the coast line We were lost and found, just in time Oh

This thing is bigger than the both of us It's gonna put us in our place We were lost and found, just in time Now we've got no time to waste

They're putting up the barricades Because the hurricane is heading up this way So won't you come in from the cold and the pouring rain And the old see dog says shiver me timbers The sky's gone black And it's like the dead of winter

We were lost and found in the pouring rain When the hurricane swept across the coast line

This thing is bigger than the both of us It's gonna put us in our place We're gonna see what really matters When you see that storm stare us in the face

We were lost and found And we beat the fear We came through the storm Now it all seems clear We were lost and found, standing here Looking at the new frontier

Lost and found, just in time With the hurricane crossing the coast line

Lost and found, just in time With the hurricane crossing the coast line
