

# You Make It Seem So Easy

The Kinleys

You make it seem so easy all the time  
You amaze me with the way you look at life  
It's not so bad it all works out  
That's what you say when I get down  
You turn my world around, yeah  
You make it seem so easy

Sometimes life's overwhelming  
Don't see an end in sight  
You put things in perspective, into a brighter light

You make it seem so easy all the time  
You amaze me with the way you look at life  
It's not so bad it all works out  
That's what you say when I get down  
You turn my world around, yeah  
You make it seem so easy

You keep a perfect balance  
Between the highs and lows  
Your steps are sure and solid  
Down any kind of road  
And when I'm feelin' broken  
Beat up and all done in  
You kiss me where I'm hurtin'  
And I am whole again, yeah

You make it seem so easy all the time  
You amaze me with the way you look at life

You make it seem so easy all the time  
You amaze me with the way you look at life  
It's not so bad it all works out  
That's what you say when I get down  
You turn my world around, yeah  
You make it seem so easy
