

## I.O.U.

The La's

Everyday there's always...  
Much to pay law says...  
I owe you -- you owe me  
I know you can stand on your  
Own two feet

On the street for knowledge  
You must eat your porridge  
I'll feed you -- you'll feed me  
I'll see you can stand on your  
Own two feet

On the farm  
Linking you arm in arm  
There's no harm in  
Greasing your neighbour's palm
