

4 Wheel Drive

The Lacs

The weather man said its lookin' good today,
Already hear the thunder and its fixin' to rain,
Holler shotgun baby cause we're fixin' to ride,
We already got the busch all covered in ice,
Jump in and pop the clutch let it holler and cry,
You're just a city slicker boy so why you bother to try,
Anybody could see the man look at the tires MT-44 chromed out bullet holes

If you wanna make a beer run its all on you,
Most trucks need one lane mine needs two,
I love riding high and chillen with the boys,
Good girls good drink make a little noise,
Got the pedal to the floor mat,
I'm on a roll cause I ain't got stuck all day,
Got a rebel on the mud track,
Got a blonde riding shotgun with me and she's ready to play

Shawty wanna ride in my 4 wheel drive,
Keep the speed down low and the seat up high,
While your stuck up in the mud let me slide on by,
Sh-Shawty wanna ride in my 4 wheel drive [x2]

I don't even know why I'm doing this song,
Cause when you hear the pipes blast you know its on,
Z-71 over so much chrome,
So high up in the sky make you stand alone,

56 inch tires and a 2 ft. lift,
I gotta roll out the ladder just to get my chick,
It's a real swamp buggy so you know what's up,
Gotta keep playing kick kickin' up mud

Got the camouflage swade and the RealTree on the dash,
I'm the mudbog champ can you hear those glass packs,
Got my hound dog boe tucked down in the back,
And "Cracker" on the tailgate written in black,
When I'm on the pavement we rumble and roar,
Got them little country girls commin' back for more,
Mud trucks and trains in a country boy thing,
I'm just doing what I do cause them city boys can't

Shawty wanna ride in my 4 wheel drive,
Keep the speed down low and the seat up high,
While your stuck up in the mud let me slide on by,
Sh-Shawty wanna ride in my 4 wheel drive [x2]

Shawty wanna ride in my 4 wheel drive,
Keep the speed down low and the seat up high,
While your stuck up in the mud let me slide on by,
Sh-Shawty wanna ride in my 4 wheel drive [x2]

Jacked up,
J-j-jacked up,
Shawty wanna ride in my 4 wheel drive,
Lift kit jacked up...
