

# Mine's Bigger

The Lacs

She say she likes your ride but it ain't better than mine  
I see you sitting pretty high but take a look up in the sky  
'Cause mine's bigger  
Yeah mine's bigger  
You got that bass in the back, your country girl shaking that  
Yeah you keep girls around but I keep them coming back  
'Cause mine's bigger  
Yeah mine's bigger

Get them all riled up real good, your girlfriend like maybe look look look  
She gotta thing for the big old trucks, girl don't lie, look at them big lug

Totting round by two tonnes, wanna take a ride, it's hell a fun  
Them boys just can't compete, truck go hard even when I take it off the stre  
et  
Girls get [?], girls get wowed when they ride [?]  
When they smile, when they laugh, then they shout "Get me out"  
Of that big old thing with them mud tires, I don't think I could get it up m  
ore time  
But I'll try baby just for you, ride you round till my motors blow  
Get it on now to the big boy status, then you can hit it, push it, mash it  
Drop it down low and just creep on through, minute 35s looking to the week o  
n you  
Can't y'all see I'm kicking ass 'cause you can't see nothing but a driver sh  
aft  
I pull up on the scene in the biggest truck and them boys just shrivel up

She say she like your ride but it ain't better than mine  
I see you sitting pretty high but take a look up in the sky  
'Cause mine's bigger  
Yeah mine's bigger  
You got that bass in the back, your country girl shaking that  
Yeah you keep girls around but I keep them coming  
'Cause mine's bigger

Going off that [?] but I' call it [?]  
I'm texting Al Pacino 'cause the truck was mine  
I jack him up, take him out, load him up and ride him out  
And you can come see if you want to what your girl is fighting [?]  
My Chevy Silverado, swagger homeboy  
I call [?] 'cause my truck [?]  
What's up, big truck, head to toe, 'bout your game  
Pull him out, I show you how 'cause to me it ain't no thing  
Your girl wanna know what I pack up under the hood  
She say she wanna go take a ride up in them woods  
With her head above the rest when she say go figure  
She say she'll ride any time 'cause mine's bigger

She say she like your ride but it ain't better than mine  
I see you sitting pretty high but take a look up in the sky  
'Cause mine's bigger
