

## Outlaw In Me

The Lacs

I've been a rough houser, a good time sleep arounder  
A straight up whiskey pounder, till I don't know my name  
I've been a church goer, a front pew bible holder  
A cry on my momma's shoulder when she saw me change  
But each day's a choice, which one I'm gonna be...  
God bless outlaws like me

I curse the sun, I pray for rain  
I've run a mile to walk through pain  
I've seen the worst and I've seen the best that I could be  
God bless outlaws like me

I've been an SOB'er, a night time bar room leaner  
A go back and forth betweenner, and that's the truth  
And I've been a come home early, get to my girl in a hurry

At night so she didn't worry, I even said I love you  
But each day's days a choice, to love her or livin' free...  
God bless outlaws like me

I curse the sun, I pray for rain  
I've run a mile to walk through pain  
I've seen the worst and I've seen the best that I could be  
God bless outlaws like me

I curse the sun, I pray for rain  
I've run a mile to walk through pain  
I've seen the worst and I've seen the best man I can be  
God bless outlaws, God bless outlaws  
God bless outlaws like me
