

Tonight On Repeat

The Lacs

The fire light on you does something to me
Just let it burn
Keep tonight on repeat

I got my fingers crossed that weather man said no rain
I wanna get ya lost and set us off a slow flame
Hold ya maybe steal a kiss
Embers in the sky fall
Me I'm a whiskey man
She's my little fireball
She's everything that I want
Take it slow for the night
Finally got you alone
Get it stuck on rewind
We can make this a thing
Keep forever in mind
Let's keep it burning baby me you is so right

Chillin in the fire light
Buzzin on them blue eyes
Sippin on whatever we got we got on
Workin on those smooth lines
Waitin for the right time
Makin sure the fire don't stop don't stop

Yeah this thing can last all night
Till the sun comes round and steals the moonlight
We chillin
We buzzin
We sippin
We feelin all right

The fire light on you does something to me
Just let it burn
Keep tonight on repeat

The fire is burning
Music's right
I can stay till the morning light
You know it's just one of them times
Where everything just goes so right
I'm feeling her
She's feeling me
Right now I'm just trying to see
Just how far this thing can go
And how good this can really be
Gettin lost in them baby blues
Puts me right back in the mood
Taking it slow and playing it cool
Trying to come up with something smooth
All I can do is drink and grin
We just trying to get it in
The way she dancin and romancin
Got me feeling like a kid again

Chillin in the fire light
Buzzin on them blue eyes

Sippin on whatever we got we got on
Workin on them smooth lines
Waitin for the right time
Makin sure the fire don't stop don't stop

Yeah this thing can last all night
Till the sun comes round and steals the moonlight
We chillin
We buzzin
We sippin
We feelin all right

The fire light on you does something to me
Just let it burn
Keep tonight on repeat

The fire light on you
Does something to me
Just let it burn
Let it burn burn burn

Chillin in the fire light
Buzzin on them blue eyes
Sippin on whatever we got we got on
Workin on them smooth lines
Waitin for the right time
Makin sure the fire don't stop don't stop

Yeah this thing can last all night
Till the sun comes round and steals the moonlight
We chillin
We buzzin
We sippin
We feelin all right

The fire light on you does something to me
Just let it burn
Keep tonight on repeat

Tonight on repeat
Just let it burn
Keep tonight on repeat
The fire light on you does something to me
Just let it burn
Keep tonight on repeat

The fire light
The fire light
The fire light on you
Just let it burn
The fire light on you
Does something to me
Just let it burn
Keep tonight on repeat
