

## Sing Little Bird Sing

The Left Banke

Sing, little bird sing  
Carry the song, like it was your own  
Smile, little bird, grin  
No one along will be alone

I'll sing you a song  
That's traveled through time for ten thousand years  
And if I'm not wrong  
It's your song and mine, may I dry your tears?

I hasten to please  
Tell me I may sing me one time  
I fall to my knees  
Singing your song and offering mine

I'll stay to your side  
And travel by night to far away sand  
I'll cast off my pride  
With one song inside, a heart in my hand

Sing, little bird sing  
Light up the sky the way that you do  
I won't say a word  
Plead through my eyes, I'm pleading with you

I'll sing you a song  
That's traveled through time for ten thousand years  
And if I'm that wrong  
It's your song and mine and I'll dry your tears
