

# Ashamed

The Lemon Twigs

A person does things for no reason  
Because a reason is to survive  
So since there's no reason to survive  
A person should do nothing, oh

But you feel that you should do something  
Because you only have this one life  
So you talk with the other people  
But you can never do it right

So you're ashamed  
On the ballroom floor, she's ashamed  
She can't take it anymore  
I'm ashamed because I said something  
Something I did not mean

When a little brother and sister  
Make it with each other  
And the family lose their minds  
Well, don't you think they have no right?

Because little Tom and Jane wanna do something  
They only have this one life  
So they make it with each other  
Just to make it through the night

They're not ashamed  
On the ballroom floor, ashamed  
Can't take it anymore  
Ashamed 'cause they did something  
Something they really mean

She was older now, so the memories came flooding back  
And she threw up all of that cognac  
She knew that she loved no other  
And she knew that she had the right

The right to love and to be loved in one's life  
The right to feel his body hold her tight  
I love him, I love him  
No longer would she fight, surrender to the night

And I am not ashamed  
On the ballroom floor, ashamed  
I just can't take it anymore  
I'm ashamed because I said something  
Always doing something  
I really didn't mean to
