

Layin' Up With Linda

The Lemonheads

Layin' up with Linda used to be fun
Nobody ever paid the rent, there was never anything done
Then one day I killed her, now I'm on the run
But living with Linda used to be fun

Living with Linda, she did what I wanted her to do
But living with Linda wasn't always easy to do
So one day I killed her, now I'm on the run
But living with Linda used to be fun

Layin' up with Linda, never had responsibility

She was a dancer at night, I was rock 'n rollin' 'til three
We drank, we never saw the daylight, that was the death of her
and me
Then one day I just got bored and killed her, but she used to be fun

Layin' up with Linda, we stole, fuck, fuck
Never had a quarter, everything we owned was in hock
Then I got pissed and killed her, so now I'm on the run
But let me tell ya, living with Linda used to be fun
