

Rat Velvet

The Lemonheads

See iot over there and in between my teeth
Rat velvet
It's everything I look
And everywhere I feel

Tooth crack under foot and death's head
Rustles near
Coup deville in sign
Cushioned razor smear
Rat velvet

Love my mom and pop
They gave me the rope
Buttocks scream coagulating
Never give up hope

Love my dog and cat
Shards of summer's blood
Tooth defying death relying
Harold's under mud
Hate my mothers smirk

Hemaroidal hinge
Laminated glory faded
Mamas on a binge
Chew my daddys

Underneath the porch
Slicey dicey oncee-twicee
Grandma baby
Pass the torch
