Uhhh

The Lemonheads

I know a girl, and she's
All that I love in the world
And I don't even know
What she's thinking now

If I could be with her tonight I know the arguing and the spite

We'd shout together and fight About whatever was wrong Or what's right, it seems That doesn't matter, but

If we could slow down and listen hard Stupid arguing disregard

Love is heat with a light Love's a sound you can't hear When we're far far apart, When we're too near

If I could show you the picture in my heart If I could stop the words before they start....
