

## Far Away

The Levellers

And it will stop  
A day that lasts forever  
Just as the sun sets  
It will rise at dawn for ever after

And I'm sorry  
If it ain't that sweet  
Just living in the world you meet  
But that should never stop you

Because far away  
Is close at hand  
There in the drifting sands  
And far away is close at hand

In the imaginations  
Of every woman and every man  
And I'm sorry if it ain't that cool  
Just living in the world of fools

But it will stop  
All that you can see  
Is there to tell you  
Rain must fall for the sun to shine

There down upon you  
And I'm sorry if it ain't that cool  
Just living in the world of fools  
But that should never stop you
