

Close My Eyes

The Little Flames

Dreading on broken
Ice memories froze longer
Go helpless and heavy
With all that we carry
Old times
Taunt me
Leave me, Empty
Cut me quickly
Tasting bind me

Time goes slowly by
And they stand still Ooh I
As shadows grow tall
Close my eyes

See how the night draws
And thus me to resting
Come as the rain falls
Impose me and ending

Hear me
Breathing
Find me
Sleeping
And this
Dark dreams
Breath stops
falling

Time goes slowly by
And they stand still
Ooh I
As shadows grow tall
Close my eyes
