

Astoria Paranoia

The Living End

Is there something going on around me
Is there something I should know?
The ghost of paranoia slips into my mind
And the dust it settles in

It's getting harder to remember
Just what it is I need to say
Another shadow in the memory
I'll never be the same again

So tell me where the fire is
And why is everybody running
For all I know I could be losing my mind
And the dust it settles in

Whoa - Lost inside my mind

Is there something going on around me
Is there something I should know?
Everything just seems to vanish in the haze
And the dust it settles in

Whoa - Lost inside my mind

In my head... long to shed...
Now we all are one

Whoa - Lost inside my mind
Inside my mind
