

# Long Way to Go

The Lone Bellow

I see the sunset in your eyes  
Know every line on your face  
Know the time and the place  
Hollow danger in your mind  
You got no secrets you can tell  
No glory to sell

We got a long way to go  
We got a long way to go

Though I heard that song before  
Lived every mad and desperate line  
Oh the dawn is breaking low  
Burning a hole in the night  
No darkness can contain  
No shadow will remain  
No darkness can contain

Mirror don't match the pictures on your wall  
Yeah you've seen better days  
You're not that man in a frame  
Young and proud and standing tall  
It's a great big world we've been living

Ain't so small what we've been given, friend

We got a long way to go  
We got a long way to go

Though I heard that song before  
Lived every mad and desperate line  
Oh the dawn is breaking low  
Burning a hole in the night  
No darkness can contain  
No shadow will remain  
No darkness can contain  
No shadow will remain

I feel the sun on my face again  
I feel the sun on my face again  
I feel the sun on my face again  
And I swear that it's peace within

We got a long way to go  
We got a long way to go  
We got a long way to go  
We got a long way to go
