

## Pink Rabbits

## The Lone Bellow

You said it would be painless  
The needle in the doll  
You said it would be painless  
It wasn't that at all

I couldn't find quiet, I went out in the rain  
I was just soakin' my head to unrattle my brain  
Somebody said you disappeared in a crowd  
I didn't understand then, I don't understand now

Am I the one you think about  
When you're sitting in your faintin' chair  
Drinking pink rabbits?  
Am I the one you think about  
When you're sitting in your faintin' chair  
Drinking pink rabbits?

And everybody was gone  
You were standin' in the street 'cause you were tryin' not to crack up  
It wasn't like rain, it was more like a sea  
I didn't ask for this pain it just came over me  
I love a storm, but I don't love lightning  
All the waters coming up so fast that it's frightening

Am I the one you think about  
When you're sitting in your faintin' chair  
Drinking pink rabbits?  
Am I the one you think about  
When you're sitting in your faintin' chair  
Drinking pink rabbits?

And everybody was gone  
I was standing in the street 'cause I was trying not to crack

I was solid gold, I was in the fight  
I was coming back from what seemed like a ruin  
I couldn't see you coming so far  
I just turn around and there you are

I'm so surprised you wanna dance with me now  
I was just getting used to living life without you around  
I'm so surprised you wanna dance with me now  
You always said I held you way too high off the ground

You didn't see me, I was falling apart  
I was a white girl in a crowd of white girls in the park  
You didn't see me, I was falling apart  
I was a television version of a person with a broken heart  
You didn't see me, I was falling apart  
I was a white girl in a crowd of white girls in a park  
You didn't see me, I was falling apart  
I was a television version of a person with a broken heart

And everybody was gone  
You were standin' in the street 'cause you were trying not to crack up  
And bona drag was still on  
Now I only think about Los Angeles when the sun kicks out

Now I only think about Los Angeles when the sun kicks out

You said it would be painless  
The needle in the doll  
You said it would be painless  
It wasn't that at all  
You said it would be painless  
The needle in the doll  
You said it would be painless  
It wasn't that at all
