

Apocalypso

The Lords Of The New Church

You belong to me
Can't you see you're part of me
We are one
You are mine
Love until the end of time
Did you lie when you said
That you'll never look again
That our love will last forever
And forever ... forever
Every single part of you is mine
Belong to me
Every single move you make
Every single breath you take
Last night I went insane
When I heard you call her name
If you go away baby
I could never stand the pain
Every minute of the day
I wonder if you've gone astray
While we're meant to be together
Together ... together
Every single part of you is mine
Belong to me
Every single move you make
Every single breath you take
You'll bring me flowers
Thank you very much
But you've got something to hide
And I know it and you know it
I've been waiting for hours and hours
Where the fuck were you last night? huh?
Where the fuck were ya?
You can try to run away motherfucker
I'll find you
And if you ever cheat on me
If you ever cheat on me
I'll fucking kill you ass
I'll fucking kill ya!
You belong to me
Can't you see you're part of me
We are one
You are mine
Forever ... forever
Every single part of you is mine
Belong to me
Every single move you make
Every single breath you take
(2x)
