

Don't Look Away

The Magnetic Fields

Don't look away
I don't think I could stand it
So don't look away
As my heart couldn't handle it

There's a fire in your eyes
And it's melting the ice
In my heart

Don't blink an eye
They're so beautiful open
Just let them cry
Or the spell will be broken

The moments in your gaze
Have been turning to days
In my heart

We've never met
And yet we're in love
Never forget
One look is enough

Just as long as you don't look away
We can never be lovers
There's one chance to take
There won't be any others

I'll be spending my life
With your eyes like a knife
In my heart
