

See You One More Time

The Marshall Tucker Band

Lord I've always been a drifter, seems like I was always
passing through
I never met anybody or anything, I just had to come back
to you
But the minute I saw you, all my dreams were standing
alive
And I would gladly give a hundred of my tomorrows if I
could see you just one more time

If I could see you one more time there's just a few
things on my mind
Just a few more things that I'd like to tell ya
If I could see you just one more time

As I travel down the highway, got to be the gypsy in my
bones
But I want to see your smiling face, makes a man feel so
alone
But you've already captured my soul, and slowly you're
invading my mind And I would gladly give a hundred of my
tomorrows if I could see you just one more time

If I could see you one more time there's just a few
things on my mind
Just a few more things that I'd like to tell ya
If I could see you just one more time

If I could see you one more time
If I could see you one more time
If I could see you one more time.....
