

## Sugar Free

### The Mighty Mighty Bosstones

They'll talk about it after dinner over after dinner drinks  
Then tie it to the car's antenna and pray the sinking feeling s  
hrinks  
And if they make it to see monkey time it's difficult without a  
spine  
Like the yellow bellied jelly fish, they'll try to sneak back i  
nto line  
Erase it from all recall, clear it like the dinner plates  
It was autumn was it ever fall, could you tell me what this ill  
ustrates  
And you know me  
They're gonna raise it or they'll post it while they're lowerin  
g the boom  
To paraphrase you're getting closer, might meet me in the dinin  
g room  
I'll try going easy on you and try not to leave a scar  
Well oh all right I'm sorry but not as sorry as you are  
Erase it from all recall and clear it like the dinner plates  
It was autumn was it ever fall, could you tell me what this ill  
ustrates  
And you know me- I'm sugar free  
It's the candy-coated soft shoe in the land of sponge cake men  
That whine and dine on gingerbread then they're passed out in t  
he den  
Erase it from all recall, clear it like the dinner plates  
It was autumn was it ever fall, could you tell me what this ill  
ustrates  
And you know me  
I'm sugar free
