

There By Your Side

The Milk Carton Kids

I wanted to go there
I wanted to see
I wanted to open
I wanted to be
I wanted to listen
I wanted to sound
I wanted to miss him
I want to be found
I wanted to be there
I wanted to find
I wanted to be fair
I wanted to go there by your side

I know that you loved him
I know that you tried
I know that you whispered
I know that you cried
I know that you've gone now
and I know it's alright
But it won't be long now
'til we're back in time

I wanted to be there
I wanted to find
I wanted to be fair
I wanted to go there by your side
I wanted to be there
I wanted to find
I wanted to tell you
I wanted to tell you
Goodbye.
