

# You Break My Heart

The Milk Carton Kids

You break my heart into so many pieces  
You break my heart like nobody does  
You break my heart in all the right places  
Then again, you break it some more

You break my heart as if you meant to  
Now I know there's no way you'd know  
How you'd break my heart, then take my heart  
Then break my heart for good

You break my heart as if you meant to  
Now I know there's no way you'd know  
How you'd break my heart, then take my heart  
Then break my heart for good
