

# Lose Myself In You

## The Mission

When you touch me you save my life I don't need redemption I don't want Christ All I've ever needed, all I've ever wanted is you

So hey baby Rae you can elevate me You can raise me up, you can make me see The wonder and the innocence in everything Little thing you do I wanna lose myself, lose myself in you

When I look into your baby blue eyes I can see the ocean, I can see the skies

I can see the sun and the moon and the History of the world You are the beacon, the guiding light You are the hand that leads me through the Night, you are the heaven's most beautiful and Brightest star I wanna lose myself, lose myself in you

I never knew I could feel like this I never knew I could feel this way again I never knew it could be like this I never knew I could feel this way again So believe in me cos I believe in you Yes, I believe in you I wanna lose myself, lose myself in you
