

Severina

The Mission

Shes got her head in the clouds
Shes got the stars in her eyes
And shes dancing
With a dream in her heart

Shes got the wind in her hair
Moon child shining bright
And shes dancing
With a dream in her heart

Severina, Severina

She believes in angels
She believes in will of the Gods
And shes dancing
Amongst the magic dust

She believes in the midnight trance
She believes in love is the law
Shes dancing
Amongst the magic dust

Severina, Severina

Star child
Baby born of heaven
Severina, Severina

Shes got a heart full of promise
Shes got a hand in her heart
Shes dancing
By the light of the moon

Shes got a head full of secrets
Sworn to the faith of love on the will
Shes dancing
By the light of the moon

Severina, Severina

Shes a gift to the Gods
Shes dancing

Severina, Severina, Severina
