

Like I Love U

The Moffatts

I heard you've been going now staying out late like nothing was wrong
I didn't think it take just a couple of days for you to move on
I guess it looks like you're just doing just fine
But someday I'm gonna cross your mind

'Cause nobody's gonna hold you the way that I used to
Nobody's gonna kiss you the way that I did
So remember when you're out there looking for someone new
Nobody's gonna love you like I love you
Love you

You were sunshine in the rain that laugh and broke the dark
You're my best friend
If only I can hit rewind get back you to mine
Then we could start all over again

'Cause nobody's gonna hold you the way that I used to
Nobody's gonna kiss you the way that I did
So remember when you're out there looking for someone new
Nobody's gonna love you like I love you
Oh, love you

So remember when you're out there looking for someone new
Nobody's gonna love you like I...

Oh, nobody's gonna hold you the way that I used to
Nobody's gonna kiss you the way that I did
So remember when you're out there looking for someone new
Nobody's gonna love you like I love you
(Nobody's gonna love you like I)
(Nobody's gonna love you like I)
(Nobody's gonna love you like I do)
Love you
(Nobody's gonna love you like I)
(Nobody's gonna love you like I)
(Nobody's gonna love you like I do)
