

Highway

The Moog

This song is for art
And for the money
It's not funny
It's the music business

'Cause this country is too small for me
I wanna be roaming free
On the highway baby
On the highway baby

This song is for drugs
I take many
'cause I'm on the stage
I don't pay for any

'Cause this country is too small for me
I wanna be roaming free
On the highway baby
On the byway baby

Listen to me now,
I sing what I want, hear the guitar now
