

Night By Night

The Motels

Sounds around me jsut fade and die
Day gives in, replaced by night
Twilight floods my senses
Magic hour begins
I'm loooking forward
To a long night of sin

Down through the alley
My heart double pumping
Alone in the night
Screaming and jumping
I jump for joy and make it right
Life don't start until to...

Night by night
I live my life
Night by night
It's all that's right
Night by night
We're the best of friends
And then the sun comes up
And the night life ends

Wild girls in classic costumes
Surround the caddy
And the man it belongs to
Somehow they seem right at home
They look so much prettier
In the heat of the...

Night by night
I live my life
Night by night
It's all that's right
Night by night
We're the best of friends
Then the sun comes up
And the night life ends

Night by night
I live my life
Night by night
It's all that's right
Night by night
We're the best of friends
And then the sun comes up
And the night...

Night by night
I live my life
Night by night
It's all that's right
Night by night
We're the best of friends
Then the sun comes up
And the night life ends
