

Azo Tle Nelli in Tlalticpac?

The Mountain Goats

I was sitting in the street when the news came my way (2x)

Good news (4x)

I was sitting in the street when the messenger came by

I was sitting in the street when the messenger came my way

Good news, good news like a rare blood disorder

Good news (2x)

I was sitting in the street

I don't believe I've made it clear what exactly I mean by that

I was sitting in the middle of the street

Dust made it's way into my legs even though my shirt was tucked
in

And I saw the colors forming in the west

Saw the bright feathers reflected in the sky, now

Good news (4x)
