

Laugh Ourselves To Death

The Movieline

Always up and never down,
Oh dear I'm lying again.
The world is a pile of shit in the summer sun.

My love, can we just forget
And be happy for a bit?
We're gonna die,
Exploding in an ball of fire.
No time to hang our heads,
Let's just laugh ourselves to death.

A giant rock could kill us all.
Oh god it's making me sick
And carrying hate is pissing in the wind.

I know we can start again,
Just take my shaking hand.
We're gonna die,
Exploding in an ball of fire.
No time to hang our heads,
Let's take a breath
Then laugh ourselves to death.
