

# Last Forever

The Mowgli's

I can feel it down low, low  
Heart in my chest didn't know, no  
Where did you come from and where did you go

Now I can see it's the real thing  
Head is coming down from the ceiling  
Waited so long for the morning

Did you get what you get what you came for?  
Did you open up your mind, let go of your heart?  
Did you get what you get what you came for?  
Did you open up your mind, let go of your heart?

I never met somebody made me move like dancing  
Release my fear, take another chance  
I never will forget the feeling in my hands

I can feel it flowing through my fingertips  
Send me to the moon everytime we kiss  
I never knew that living life could be like this

Did you get what you get what you came for?  
Did you open up your mind, let go of your heart?  
Did you get what you get what you came for?  
Did you open up your mind, let go of your heart?

Oh if we lose it all together  
Maybe love will last forever  
(Maybe love will last for...)  
Oh if we lose it all together  
Maybe love will last forever

One step closer to the mark and two jumps back  
when you missed it all together  
Wishing love would last forever  
Three times only makes a charm  
And four eyes don't see any harm  
But they never know if love would last forever  
Maybe love will last for...

Did you get what you get what you came for?  
Did you get what you get what you came for?  
Did you get what you get what you came for?  
Did you open up your mind, let go of your heart?  
Did you get what you get what you came for?  
Did you open up your mind, let go of your heart?

Oh if we lose it all together  
Maybe love will last forever  
(Maybe love will last for...)  
Oh if we lose it all together  
Maybe love will last forever
