Slowly, Slowly

The Mowgli's

Slowly, slowly we become the secrets that we keep. Yea, it's only you. It's only me. It's only love and it's only fair that you find your peace. Yea, it's only you. It's only me. It's only love and it's only fair that you find your peace. My head my spirit's end, could do this whole damn world right in. And I'll turn green like lover's greed and you'll get high off of loving me and then you'll finally see. I hope you finally see.. That it's only you. It's only me. It's only love as far as distance allows me. Yea it's only you. It's only me. Lonely love as long as I can hear you sing. And now I'm hearing you sing. Ooooh. Slowly, Slowly (slowly, slowly we) Slowly, slowly (slowly, slowly we) Slowly, slowly (slowly, slowly we) Slowly, slowly we become the secrets that we keep yeah it's only you it's only me it's only love and it's only fair that you FIND YOUR PEACE
