

Another Ugly Face

The Muffs

You watching me, watching you
You're another ugly face, it's true
Another time and another old place
I'll break your teeth and smash your face

Another joy, you pass along if you will leave and carry on

I want to know what you want
Right by my side you pass a lot
And if you say that I'm not real aware
Just look into my eyes I'm there

Another joy, you pass along if you will leave and carry on

Do you think you have a life now?
Do you think about me day and day and night and

Another joy, you pass along if you will leave
Another joy, you pass along if you will leave
And carry on and carry on and carry on and carry on
